## Boathouse Allergen Policy

We are aware of the serious health risk to people with allergies
Please find attached a list from our Head Chef of all dishes served and their allergen content
Once alerted to an allergy by a customer;
we will do our best to ensure your food/drink is allergen free

- however due to the presence of gluten, nuts and other allergens on the premises we cannot categorically state that our products are $100 \%$ free of these ingredients as with all food establishments there is always the possibility of cross-contamination at some point in the food chain
